## Funding available for apprentices and trainees

Funding assistance is available to help meet some of the costs associated with apprenticeships or traineeships.

### What funding is available?

#### Travel and accommodation assistance

*This information is not applicable to school-based apprentices and trainees – please contact your school to discuss travel and accommodation subsidies.*

The Department of Education and Training (DET) provides assistance to apprentices and trainees who are required to travel to and from their usual place of residence to attend training with the **nearest** training organisation able to deliver the training program. All eligibility criteria must be met to qualify for these subsidies. Eligible apprentices and trainees may receive assistance for their travel to and from required training and, where training is undertaken on a block release basis, for a daily accommodation subsidy during that training. Further details can be found on the [travel and accommodation application form](#).

Please note apprentices or trainees who are experiencing financial difficulties when attending off-the-job training with their training organisation and would like to claim travel and/or accommodation subsidy, may do so in advance. All eligibility criteria **must** be met and applications made using the [advance claim form](#).

Some apprentices and trainees may also be eligible for **funding for air travel**. To qualify they must meet the following criteria:

- reside in Cape York Peninsula or Islands of the Torres Strait; or

- are required to travel 1400 km or more (return) from their usual place of residence to the location of the training organisation.

Further details can be found on the [application for air travel form](#).

#### Funding assistance for apprentices and trainees whose training contracts are cancelled

Apprentices and trainees whose training contracts are cancelled may be supported financially to attend a training organisation to assist them to re-enter a training contract. The apprentice or trainee **must** attend a training organisation with a **current** User Choice contract. All criteria **must** be met to be eligible for funding. Please note this funding is **not** available for school-based apprenticeships and traineeships. Further details can be found on the [application form](#).

#### Who to contact?

For further information, contact Apprenticeships Info on 1800 210 210.

It is important to note that apprentices and trainees may be eligible for further funding from the Commonwealth Government. For further information contact an Australian Apprenticeships Centre on 13 38 73.
